# Young Adults Retreat

THE STABLES, LETTON HALL

18-21 APRIL 2017

*I felt challenged in my faith and calling*

*It was great to get away from the busyness of life and focus on my relationship with God*

# THE JOURNEY SO FAR

Last April we took a road trip together for a different experience at Letton, and saw the start of something new: Awake My Soul was born. Things weren't rushed, no uber early starts. It was a place where we met God, grew, found freedom, made new friends and laughed until it hurt.

Will you join us this April for the journey? It doesn't matter where you feel you are at — whether you feel your life is fully sorted or not. We want to be empty vessels, people who want more of God, for him to do what only he can do.

Awake my Soul is a retreat, an opportunity to look back and take stock of what's been happening. Time to gain fresh perspective on where we are going, space to reflect on what God is saying and doing in our lives now. Whether you're at college, uni, started an apprenticeship or work, we'd love you to come. This is time set aside for you, and for your soul to be nourished.

# THE PROGRAMME

The focus here is community. It won't be tightly programmed but there will be one. We will eat together, worship, share and pray together, enjoy the grounds, countryside (and yes the go karts!). We might even manage a trip to the pub one night! The Stables features a snug with log burner, plus a meeting-room-lounge with pool & table tennis table at one end, thus providing lots of social space.

We're big on the 'table', everyone sat together with food and plenty of chat. A wise sage once quipped: 'a full belly laughs deeper and longer.'

**Matt Wild** will lead the sessions during the retreat with time to reflect individually but also with others, including space to pray or be prayed for. This is Christian community, ministering to each other through the gifts and power of the Holy Spirit.

## ABOUT LETTON HALL

**Letton Hall**, a converted Georgian country house and stables, is a Christian Conference Centre in rural Norfolk, set within 10 beautiful acres.
