DON'T TAKE A YEAR OUT, TAKE A YEAR IN

US

crops is a Christian charity working in schools and across churches in Peterborough. Our vision is about sharing Jesus with children and young people and supporting them through the issues they face. We're there for the journey, not just for the event.

We run loads of exciting schools work projects, residentials, a youth congregation and are based in the heart of the city of Peterborough. We work closely with local churches and organisations.

My gap year gave me new found confidence, new skills and experiences, and some great friendships

- Emily
