

Did you know ... No two people have been found to have the same fingerprints! They are totally unique.

The Bible says God made each and every one of us different so what makes you special and unique?

Draw a large oval shape (fingerprint shape) and section it into large pieces. Write single words about yourself in each section, about who you are, what you enjoy doing, what you enjoy learning about.

Think about your work as a fingerprint of me.

When you have finished each section with words, look up an artist called Romero Britto. He is great at pattern and colour designs. Britto makes art on paper, canvas or porcelain ornaments. Using his art as inspiration, fill the spaces in your sections using pattern, shapes and bright colours.
